

HELLO, SUMMER!

The weather is warmer, distance learning is behind us and beach days are ahead — it can only mean one thing: It's time to stock up on new summer and pool toys. "With some summer camps closed and limited family travel happening this summer, kids will be spending more time at home and in the backyard than ever before," says Westbury's Laurie Schacht, chief toy officer at the Toy Insider. "The best outdoor toys will make this summer fun and memorable while keeping kids moving and entertained." Here are this summer's must-have toys for every kid.
